The visualization shows **countries with at least 100 reported deaths** due to the corona virus disease 2019 (COVID-19). The color intensity for each day and country is estimated as the number of deaths on this particular day divided by the highest daily death toll so far. The countries are ranked by the overall number of confirmed deaths due to COVID-19.

* On April 17th 2020, officials in Wuhan, China, revised the city´s coronavirus death toll. The deaths have been added proportionally to the daily confirmed deaths of China until that date.
^ On June 19th the Spanish Ministry of Health has issued a revised death total for Spain. The deaths have been added proportionally to the daily confirmed deaths of Spain until that date.
